

Hartland Township Fire Station #61

Hartland Township, Livingston County

Client: Ann Arbor Architects Collaborative
210 E. Huron
Ann Arbor, MI 48104
Mr. Dan Jacobs
734.663.1910

Project Description

Boss Engineering performed site plan and engineering design for a new fire station on Hartland Road in Hartland Township. Boss worked with the Hartland Township, Fire Department, and the architect to come up with a design that everyone could agree on. The design included storm water management facilities, site grading, utilities, and landscape design. Provided drawings and secured permits from the Livingston County Road Commission, and Livingston County Drain Commission.
