

Wylie Elementary School

Dexter Community Schools, Washtenaw County

Client: Dexter Community Schools
7714 Ann Arbor Street
Dexter, MI 48130
Mr. Don Price, Director of Building and Grounds
734.424.4100

Project Description

Provided survey, site planning, layout design, landscape architecture and engineering design for Wylie Elementary School in the Village of Dexter. The project involved improving the site layout to accommodate pedestrian circulation, bus circulation, student loading for parents and parking. Key elements of the project were to provide the site improvements for the increasing demands while separating the circulation elements to increase site safety.
